Offer and pricing for video production

Many factors play a role when pricing a video production (kind of production, video format, duration of the video, rights to the music, with or without a voice actor, and so on). Contact me and I will send you a cost estimate that is tailored to your project for:

- Commercials
- Corporate videos
- Event videos
- Documentaries
- 2D & 3D graphic animations
- Animated slideshows

I am happy to work on already existing video projects, for example:

- Replacing logo or text (static & animated)
- Replacing address information
- Re-edit of a video
- Backup of videoclips that are already on the internet
